

## MARCUS NEUROSCIENCE INSTITUTE

Mr. Keith Famie  
Visionalist Entertainment Productions  
28345 Beck Road, Suite 404  
Wixom, MI 48393

Dear Keith,

I am honored and very excited for the opportunity to participate in your project "On the Front Lines of Alzheimer's Disease and Dementia". Your documentary could not come at a more opportune time to aid in the awareness of this devastating disease which is becoming more and more prevalent in our society.

As the Chief of Neurology at The Marcus Neuroscience Institute I witness first-hand the impact this disease process bestows upon those who suffer from this disease and their caregivers. I give you my full support and applaud your efforts to pay tribute to the caregiver of our patients with Alzheimer's Disease and Dementia.

Patricio Sebastian Espinosa, MD, MPH, FAAN.

Chief of Neurology  
Director Stroke Program  
Marcus Neuroscience Institute  
Boca Raton Regional Hospital  
Affiliate Associate Professor of Neurology  
Department of Clinical Biomedical Science  
Charles E. Schmidt College of Medicine
